

## GRUDGE MATCH III – 2009 Subaru WRX vs 2008 Mitsubishi Ralliart

September 4<sup>th</sup> - Wakefield Park Raceway - Australia

The latest instalment of the world famous Grudge Match, sees a 2009 Subaru WRX take on its new equivalent, the 2008 Mitsubishi Ralliart Lancer. Off the factory floor, both platforms have had their critics, calling them uninspiring, but these cars are different and this shoot out sees both cars modified with Whiteline handling and MRT power packages. That's right, these cars are definitely not standard, however the modifications that have been performed on these cars suit the budget of most enthusiasts, so they are very affordable, but most of all deliver bang for your buck performance.
