Suggested wheel alignment specs

Optimum starting setting designed for use with Whiteline kit.

			Camber Deg	Caster(6) Deg	Toe mm / side
Front	Touring		-1.00	L +5.5/R +5.25	0.00
	Sport		-1.75	L +5.5/R +5.25	0.00
Rear	Touring		-1.00	na	1.0 toe out
	Sport		-1.50	na	2.0 toe out

(1)-Height measurement in mm from centre of wheel to guard, +/- 1.5%. Superlow applications with extra rear load can use standard low. Heights only available when using Whiteline specified shock absorbers and may vary with model and options.

(2)-Retail in A\$ includes GST, excl. freight. Special net price for package part number. Valid till 30/6/2002 but subject to change without notice.

(3)-Handling and Works fitting prices include wheel alignment. Fitting and labour prices are meant as suggestions and are only available when purchasing parts kit from same dealer.

(4)-Options: These items not included in package but available as separate item.

(5)-Adjustable low pressure gas shocks are sport rated with modular spring seat and multi-height grooved shock bodies allowing even lower (extra) ride height of 25 mm front and 15 mm rear using same springs. Use #1102502 for cast lower arm rear with U shaped mount and #1102602 for Type R and vehicles with pressed arm and eye type lower shock mount.

(6)-KCA301 provides up to +2.5 extra positive caster.

(7)-Most Type R's fitted with front and rear upper chassis braces as standard.
