(1)-Height indicates measurement in mm from centre of wheel to guard, +/- 1.5%.

Superlow applications with LPG can use standard low rear. These heights only available when using Whiteline specified shock absorbers.

(2)-Price in A\$ includes GST, excl. freight. Special net price for package part number.**(3)-** Handling and Works fitting prices include wheel alignment. These rates only available when purchasing parts kit from same dealer.**(4)-Options:** These items not included in package but available as separate item.**(5)-Fulcrum** "Formula" adjustable ride height complete spring and shock kit. Includes mono-tube gas shocks.**(6)-Whiteline Premium** adjustable coil-overs feature externally adjustable ride height and shock rate using 40mm mono-tube high pressure gas shock and progressive springs. Suitable for road and race. Full race kit uses DMS 50 with choice of springs.
