	Sport		-1.25 to -1.5	n/a	0.0 to 1.0 toe-out
	Race		-1.75 <	n/a	0.0 to 1.5 toe-out

(1)-Height measurement in mm from centre of wheel to guard (CWTG), +/- 1.5%. Superlow applications with extra rear load can use standard low. Heights only available when using Whiteline specified shock absorbers and may vary with model and options.

(2)-Special kit price in A\$ including GST. Fitting hours are an estimated guide including wheel alignment. May only be available when purchasing and fitting kit with same dealer. All prices quoted valid till 30/6/2005 but subject to change without notice.

(3)- Whiteline XRD race products and extra heavy duty options must be used with extreme care. Certain performance modifications like differential changes can dramatically affect vehicle behaviour making certain parts unsuitable. Other parts should not be used unless additional chassis strengthening has been provided and the user accepts that Whiteline can not be responsible for resultant damage to the vehicle, particularly in race use. Should only be used after consultation with a reputable suspension tuner. Contact Whiteline for more details. (www.whiteline.com.au)
