(1)-Height indicates measurement in mm from centre of wheel to guard, +/- 1.5%.

Superlow applications with LPG can use standard low rear. These heights only available when using Whiteline specified shock absorbers.

(2)-Price in A\$ includes GST, excl. freight. Special net price for package part number.

(3)- Handling and Works fitting prices include wheel alignment. These rates only available when purchasing parts kit from same dealer.

(4)-Options: These items not included in package but available as separate item.

(5)-Springs and shocks specially designed to be used together. Not designed for separate fitment.

(6)-Whiteline Premium adjustable coil-overs feature externally adjustable ride height and shock rate using 40mm mono-tube high pressure gas shock and progressive springs. Suitable for road and race. Fulcrum "Formula" adjustable ride height spring and shock kit. Includes mono-tube gas shock.

(7)-Absolute values may vary from vehicle to vehicle
