(1)- **Height** indicates measurement in mm from centre of wheel to guard, +/- 1.5%.

Superlow applications with LPG can use standard low rear. These heights only available when using Whiteline specified shock absorbers.

(2)- **Price** includes sales tax, excl. freight. Special net price for package part number.

(3)- **All kit** fitting prices include wheel alignment. These rates only available when purchasing parts kit from same dealer.

(4)- **Options:** These items not included in package but available as separate item.

(5)- **Front** shocks are gas complete replacement legs. 1301312 is sport rated externally adjustable gas insert conversion requiring modification to existing strut leg.

(6)- **Rear** shocks have shorter travel and are valved for sports applications. 1100312 is extra heavy duty sport rated adjustable gas shock.

(7)- **Convert** existing swaybar link from strut to control arm mount for better reliability. KLC18 suits OE and KLC18X suits aftermarket swaybars.
